Willow Staff,

This weekend, I became aware that one of our congregants shared her story publicly, detailing her abuse by Dr. B. I am extremely saddened by this story and the pain that she has endured. We believe that Dr. B engaged in inappropriate behavior, and the harm he caused was inexcusable.

We have received questions about it and wanted to make sure you were aware of it. You can read it [here](#).

While there are circumstances of the case that should have been handled differently, I believe our staff has taken these allegations of misconduct seriously. We are committed to learning from the missteps that were made in the process.

In the meantime, let's be prayerful for her and her family. Please let me know if there's anything I can do to support or help you through this.

Steve
