Bob,

Thanks for reaching out. We want to confirm for you that you are right, we are horrible evil people. We exist to simply bring harm to our team, take advantage of our customers, and spread COVID. And YOU figured it all out, wow. Who would have guessed that an unemployed guy, oh I am sorry, a “freelance reporter” would be the one to show us how horrible we are so we can change and to let the world know of our evil intent, secrets, and complete disregard for decency.....but YOU did it, you with all your top notch investigative skills have been able to weave together a series of half-truths to expose our evil ways. You are truly amazing.

Because your personal virtue is so incredible, we want to help you with your hit piece and confirmation bias. We actually have audio of the time Chris Hogan farted in church and you should have a listen, it is truly horrendous.

A couple of weeks ago our team decided to do a Worship Service today at 4:30 to kick off the new year. We would love to have you come. You can bring your camera and get some great shots because there will probably be someone without a mask, who knows, there might be someone not socially distancing, and if you use those razor sharp investigative skills of yours you will probably catch one of them with their hands raised in worship to Jesus... which if captioned properly would prove we are an evil cult. Since this is today, it won't even delay your Pulitzer Prize winning exposé of our pure evilness. Yes, you will be in a building where 1000 people hate you, but we will assign security to protect you....that is how cults do it.

Please let us know in advance if you can make it, so we can personally meet you at the door. And thanks again for using your superior virtue to point out our pure evil intent. I am sure you can find more if you keep looking.

We are also blind copying several friends to ask their help as well. They are the pastors of the top churches in the area, several business leaders, and Christian leaders who have known Dave and Ramsey Solutions for decades. Also, we are copying our whole team.

If you are on this email we would ask a favor for Ramsey...would you help us? Bob's phone number and email are here, and we would ask that you contact him TODAY and tell him all the evil horrible stories

you know about us. Also, he lives in Spring Hill so if you see him out and about, be sure to congratulate him on his virtue. He needs to sell this story to pay his rent and the dirtier your story on us the more we can help him. When you call please do not be mean, Bob already has a lot of anxiety and we don't want to add to that. If his phone is overwhelmed or he doesn't want to hear your story, you should contact Religion News Service and tell them of Bob's amazing grasp on virtue and truth. You can also tell them of all the people that have been helped by his pursuit of truth throughout the years as we all have followed his "career." It is time the world knows about Bob and the blessing he has been to so many.
