Media inquiry - Statement on Egan Abram / Accelerate Church ?

Info at Accelerate <info@acceleratechurch.cc>

Tue, Oct 22, 2024 at 6:47 PM

To: Josh Shepherd

We are aware of the arrest of one of our former school staff members.

Accelerate Church takes seriously our responsibility to ensure the safety of our students, congregation, and staff and we are committed to taking any necessary steps to protect each of them.

We have high standards for holy living. Integrity is of utmost importance, and if there is any compromise of those standards, we seek quick and serious rectification.

Based upon what we know of the allegations, we want to make it known that all employees of our organization who work with children pass a state background check yearly. This was true of the accused.

Once the allegations in question first came to light, the accused was instantly removed from all positions and we followed every protocol and request from the judicial system. The accused no longer works for our organization.

We are praying for everyone affected and we hope that no one will give place to the Enemy of our souls during this process. Please pray that the will of the Lord will be accomplished at Accelerate Church.
